The Memorial Sports Center Presents

Adult Co-ed Intro and Intermediate Hockey

Here's an opportunity to get started in adult hockey, or to work on your existing hockey skills.
Each night's ice time includes a warm up followed by skill development and practice drills. Improve your maneuverability by building your turning, stopping, and starting skills. Work on moving the puck to your teammates and receiving passes. Learn about positioning to help your team clear the puck out of your end and score goals! Each night ends with games: 3-on-3 half-ice scrimmage, keep-away, and other creative, fun games.
